## OBJECTIVE

---

To obtain a challenging position in a high quality engineering environment where my resourceful experience and academic skills will add value to organizational operations.

## SKILLS

---

**Programming Languages** : Java | C  
**Technologies** : HTML5 | CSS3 | Bootstrap5 | JavaScript | Reactjs  
**Concepts** : Object Oriented Programming  
**Database** : SQL | MySQL  
**Tools** : Eclipse | Vscode | Github

## EXPERIENCE

---

**React.js Intern | Icanio Technologies, Tirunelveli** July 2024 – August 2024

- Gained hands-on experience in creating responsive components, handling state management, and optimizing components for performance.
- Contributed to a real-time project, collaborating with team to develop and enhance web applications using React.js.

## PROJECTS

---

**Car Rental System | Java**

- Built a console-based Car Rental System using Object-Oriented Programming concepts, managing car rentals, customers, and rental fees.

**Certificate Generator Web Application | React**

- Designed a web application that allows users to create and customize certificates using templates, Excel uploads, and color customization, with options to preview and download as PNG images.

## EDUCATION

---

**Computer Science and Engineering (B. E)** 2021 - 2025

- Government College of Engineering, Tirunelveli | CGPA: **8.4**

## SOFT SKILLS

---

Time Management | Team Player | Proactive & Responsible | Adaptability

## CERTIFICATION

---

React.js Internship - Icanio Technologies

2024
